PURPOSE

The purpose of the Intramural Athletic Program at Floyd Junior College is to provide each individual in the college community an opportunity to participate in his favorite athletic activities and to explore additional activities which may be new to him. Specific components of the general purpose are as follows:

1. To promote physical development.
2. To promote social development.
3. To promote emotional development.
4. To promote mental development.
5. To promote motor development.
6. To promote recreational education.

SPORTSMANSHIP

One of the main functions of the Intramural Athletic Program at Floyd Junior College is to promote good sportsmanship. To this end, high standards of sportsmanship must be maintained in all team and individual contests. Winning reflects an important achievement when accompanied by a sportsmanlike approach. A victory at the expense of good sportsmanship is small reward for a compromise with principles.

Poor sportsmanship will not be tolerated in the Intramural Athletic Program. Persistent offenders will be barred from further participation. There are no established rules for dealing with cases of poor sportsmanship. The general procedure will be a warning on a first offense and suspension after a second offense. However, this does not mean that an individual or team may not be suspended for a first offense. The Director of Intramural Athletic Activities shall have the authority to determine what constitutes poor sportsmanship and to enforce the appropriate penalty.

In individual and dual activities, club members shall participate on an individual basis, but at the same time, they shall represent their respective competing unit. Each club shall recruit both males and females as members.

The units of competition shall be identified by the following names and colors:

11. Club presidents, vice presidents, and faculty advisors shall be responsible for all personnel used in all contests. The Director of Intramural Athletic Activities must be furnished with a complete roster of all members of the unit of competition, and must be notified of any changes in the membership roster. Unless such changes are officially made, those members shall not be considered eligible.

12. No team member is eligible to participate in a play-off contest unless the individual has participated in two or more contests during regular season play; however, if a person's name is on the original official entry form, the individual is eligible regardless of his participation during the regular season.

5. No postponement shall be made due to the absence of team members.

PROTESTS

1. All protests must be prepared on official protest forms and submitted to the Director of Intramural Athletic Activities within forty-eight hours after the contest. 2. Protests may be made on the participation of an ineligible player or when interpretation of the rules is at fault and actually involves the final score. Under no circumstances shall the judgment of an official on matter of fact be grounds for a protest.
3. Representatives for the contestants and the officials in charge of the contest shall be permitted to present their version of the situation involving a protest before a decision is made. The final decision shall be made by a committee composed of the Director of Intramural Athletic Activities, the Men's Student Assistant for Intramural Athletic Activities, and the Women's Student Assistant for Intramural Athletic Activities.

4. All protests, other than eligibility cases, must be made on the field of play to the responsible official in charge of the contest at the time the incident occurs. The party protesting shall notify the contest opponent immediately that a protest is pending. 5. Contests in which a protest is sustained shall be replayed from the beginning of the contest.

6. In case of a disagreement between individuals in matches or games without officials, a rematch will be scheduled and an official assigned by the Director of Intramural Athletic Activities.

7. In any contest, the officials shall possess the authority to make decisions on any points not specifically covered in the contest rules.

FORFEITS

1. Any team or individual that fails to be ready for a contest ten minutes after the scheduled time will forfeit to the opponent. If both teams or individuals are not ready, both will be charged with a forfeiture. To obtain a contest victory by forfeit, the individual or a full team must be present and ready to play. "Ready to play" means that a full team shall be appropriately dressed for that particular activity.

2. A team may not bring a player to a contest at the "last minute" and then permit the player to leave once the contest has begun. Only in cases of an injury and immediate emergency shall a team be permitted to continue play with less than the number of players required to begin a contest. In all instances, this situation must receive approval by the Director of Intramural Athletic Activities or his designate.
3. Forfeited contests will not be re-scheduled.

4. The use of ineligible participants constitutes a forfeit under protest regulations.

The team involved will lose all points assigned for that activity.

The individual or individuals involved will lose all points assigned for the activity.

determine the procedures to be followed in determining the champion.

4. No special points will be awarded to teams or individuals for participation in any play-off contest.
