The meeting was adjourned.
POLICY ON RELEASE OF INFORMATION ABOUT STUDENTS

Students at Floyd Junior College have the right to assurance that their academic records will be recorded accurately and retained in confidence. However, the College must maintain a balance between its obligation for the growth and welfare of the student and its responsibilities to society.

Transcripts of educational records shall contain only information about academic status, except that disciplinary action shall be recorded in cases where it affects the student's eligibility to re-register.

Disciplinary and counseling files shall be maintained separately from academic records and shall not be available to unauthorized persons on campus or to any persons off campus without the written consent of the student involved, except under legal compulsion or in cases where the health or welfare of persons or the safety of property is involved. No records shall be kept which reflect the political activities or beliefs of students. Provisions may be made for periodic routine destruction of noncurrent disciplinary records whenever appropriate administrative authorization is granted at each respective institution.

Floyd Junior College will make every endeavor to keep the student's record confidential and out of the hand of those who would use it for other than legitimate purposes. All members of the faculty, administration, and clerical staff must respect the confidential nature of the student's record. At the same time, the College should be flexible enough in its policies not to hinder the student, the College itself, or the community in their legitimate pursuits.

Specific policies governing the release of information are as follows:

A. Disclosure to the Student Himself

1. A student shall be entitled to a transcript of his academic record.

2. A student has the right to inspect his academic record and is entitled to an explanation of any information recorded on it. When the original record is shown to the student, examination will be permitted only under conditions which will prevent its alteration, mutilation, or loss.

3. Documents submitted by or for the student in support of his application for admission or for transfer credit will not be returned to the student, nor sent elsewhere at his request. For example, a transcript from another college, or a high school record, will not be sent to a third institution. The student should request another transcript from the original institution. In exceptional cases, however, where another transcript is unobtainable, or can be secured only with the greatest difficulty, copies may be prepared and
released to prevent hardship to the student. The student must present a signed request for this procedure. The copy will be marked as a certified copy of what is in the student's file.

B. Disclosure to Faculty and Administrative Officers of the Institution

1. Faculty and administrative officers of Floyd Junior College, who have a legitimate interest in the material and demonstrate a need to know, shall be permitted to look over the academic record of any student.

2. The contents of the official folder of a student will not be sent outside the Office of Admissions and Records except in circumstances specifically authorized by the Registrar or his designated representative. A permanent record will not be approved to leave the Office of Admissions and Records since copies can be readily prepared.

3. Transcripts and grade reports will be released to academic departments and appropriate administrative officials for purposes of academic advising and counseling without the prior approval of the student.

C. Disclosure to Parents, Educational Institutions, and Agencies

1. Transcripts or grade reports may be released to parents or guardians without prior approval from the student unless the student is over 18 years of age or when the student is married or is legally emancipated. However, these exceptions will not be made unless the student specifically requests in writing that this information not be forwarded to his parents, guardians or other persons from whom the student is receiving regular financial assistance.

2. Upon written approval from a student, a request for a transcript or other academic information from another institution of learning indicating the reason therefore will be honored as a matter of courtesy.

3. Upon written approval from a student, requests from a philanthropic organization or other agency giving financial support to a student will be honored.

4. Requests from research organizations making statistical studies may be honored without prior approval of the student provided no information revealing the student's name is to be published.

D. Disclosure to Government Agencies

1. Properly identified representatives from federal, state, or local government agencies may be given the following information if expressly requested:

   a. Date and place of birth
   b. School or division of enrollment and class
c. Dates of enrollment
d. Degree(s) earned, if any, date, major or field of concentration, and honors received
e. Home and local addresses and telephone numbers
f. Social Security Number
g. Name and address of parent or guardian
h. Photograph, if available

2. Concerning release of further information, it should be noted that government investigative agencies, as such, have no inherent legal right to access to student files and records. When additional information is requested, it should be released only on written authorization from the student. If such authorization is not given, the information will be released only on court order or subpoena. If a subpoena is served, the student whose record is being subpoenaed should be notified and that subpoena should be referred to the University System's legal counsel.

3. Student information will be released to the Selective Service System only with the written permission of the student.

E. Disclosure to Other Individuals and Organizations

Information furnished to other individuals and organizations shall be limited to the items listed below under "Telephone Inquiries" unless the request is accompanied by a release signed by the student.

F. Disclosure in Response to Telephone Inquiries

1. Only those items which are matters of public record will be released in response to telephone inquiries. Those items are:

a. Whether or not the student is currently enrolled
b. The school or division in which he is or was enrolled and his class
c. Dates of enrollment
d. Degree(s) earned, if any, date, major or field of concentration, and honors received

2. Release of local address or telephone numbers will not normally be made by the Office of Admissions and Records.

3. Urgent request for student information based on an apparent emergency should be referred to the Director of Admissions and Records or his designated representative.

G. Student Listings

Student listings may be published each quarter and distributed to only appropriate organizations and individuals on campus each quarter. Since the distribution
of such listings is limited, no prior approval from the student is required. However, any student has the right not to be listed in such a directory upon his written request that his name, address, or telephone number not be included.

H. Disclosure to Other Offices of the College

1. The foregoing policy statements are applicable to handling any request for academic information about students or former students received by any member of the faculty, administration, or clerical staff. They are intended to protect the individual's right to privacy and the confidentiality of his academic records throughout the unit.

2. Personnel of the College should be alert to refer promptly to the Office of Admissions and Records requests for transcripts, certification, or other information which that office typically provides. Faculty members and the various institutional offices should restrict their responses to acknowledging when appropriate, the receipt of requests for student information, or limit their response to that information germane to their sphere of responsibility, or their relationship to the student, e.g. faculty advisor, major professor, etc.

I. Withholding Information

There are conditions such as unmet financial obligations and violations of non-academic regulations under which the College will withhold grade reports, transcripts, certifications, or other information about a student.

       Director of Admissions and Testing

January 24, 1973

The College Delegate Assembly of the Southern Association of Colleges and Schools approved at their December 1972 meeting the revision of STANDARD SEVEN - STUDENT DEVELOPMENT SERVICES.

Section 6 pertains to Student Records and is reproduced here for your information.

SECTION 6 STUDENT RECORDS

Each institution should have adequate and accurate student records for both credit and non-credit courses. The registrar or other appropriate institutional officials must keep files of admissions and matriculation information, transcripts, scholarship records, and other essential data. Complete back-up files, such as facsimile copies, microform or electronic data banks, should be maintained to provide security to student records.

Each institution should have policies concerning the information which will become a part of the permanent record of the student and policies governing the retention and disposal of records. Each institution should establish and publish information release policies which respect the rights of individual privacy, the confidentiality of records, and the best interests of the student and institution.

Attached is a copy of a Policy on Release of Information about Students. This statement was prepared and approved by the Records and Admissions Committee. However, please be mindful that this statement is not Regents' Policy. As stated in the standard each institution should establish and publish an information release policy. This statement is offered as a guide in establishing your institutional policies on the release of student information.

Mr. Boyd opened the meeting by explaining briefly the federal regulations of the Work Study Program and how that differed in administration to the institutional student part-time employment program in regard to eligibility requirements, pay scale and maximum number of hours per week that a student can work. Federal guidelines regulate these points for the Work Study Program.

Mr. Melton made a motion that a student must be enrolled for at least 7 hours to qualify for institutional student part-time employment. Following a general discussion the vote on the motion was 4 to 3 against the motion. Dr. Trimble moved that the minimum course load for consideration for employment be 7 hours during Fall, Winter and Spring Quarters and 5 hours during the Summer Quarter. This motion carried 4 to 1.

MEETING
December 6, 1977

R. Wenz

ABSENT: L. Borchardt, R. Corlew, S. Gantt, H. Langford, M. Havicek
D. Mott, A. Newbern, J. Sims

The meeting of the Student Affairs Committee was called to order on December 6, 1977, at 2:30 p.m. The first order of business was to elect a chairman. Mr. Phillips nominated Mr. Boyd and Ms. Frost seconded. Mr. Boyd was voted Chairman by unanimous decision. He, thereby, appointed Ms. Christ to act as Secretary.

As the next order of business, Mr. Phillips discussed the process of selecting Who's Who Among Students in American Junior Colleges. The applications have been completed and turned in to the Office of Student Activities. Mr. Phillips, Mr. Langford, Ms. Frost and Mr. Wyatt were selected to form a subcommittee to compile these applications. Their report will be presented at the next meeting.

Ms. Davis brought up the problem of funding for the Child Care Center. On behalf of the Child Care Center Committee she asked for the ideas of the Student Affairs Committee concerning the possibility of some Student Activities money being used to supplement the present Child Care budget. Mr. Phillips explained that this would have to be presented to the Student Activities Budget Committee.

Mr. Boyd brought up some discussion of the Student Programming Committee. There seems to be a lack of student participation on this committee. Mr. Wyatt suggested that perhaps some publicity on the purpose and function of the different branches of the Committee might encourage students to participate. It was decided that Mr. Boyd might attend the next SGA meeting and tell about each area of the Student Programming Committee.

The meeting adjourned at 3:02 p.m.

Those present were Harold Boyd, Ruth Corley, Margaret Davis, Alleen Frost, Hal Langford, Joey Mayson, Phil Mangle, Paul Phillips, and Judy Sims. The meeting was called to order by Harold Boyd, who appealed to the committee for a new Chairman (other than himself) to be elected. Charged with this commission, the committee elected Joey Mayson as Chairman and Margaret Davis as Secretary.

Joey called for new business and offered some ideas for the committee. (See the attached sheet.) Acting on the suggestion of establishing regular meetings, the committee decided to meet this quarter on October 12, November 9, and November 30, all at 3 p.m. in the B-153 Conference Room. The October 12 meeting will be concerned with two main items, Honors Day and Floyd Junior College's cultural programs. Another item of new business was the Leadership Retreat for the clubs. A tentative date of October 13-14 was set. Paul Phillips is in charge of arrangements and is in the process of obtaining a speaker for Assertiveness Training. Joey appointed Phil Mangle and Hal Langford to get a complete list of existing clubs and advisors in order to plan for this retreat. Early election of club officers is essential.

Honors Day --- Budget: $250.00 Dawn Rainwater and Ruth Corlew were asked to devise, administer and compile a questionnaire for students and faculty and to report these results at the next meeting of this Committee, November 9. A lead paragraph explaining Honors Day should be included in the questionnaire.

The meeting adjourned at 3:58 p.m.

Next meeting --- Thursday, November 9, 3:00 p.m. --- Room B-153 (Nurse A.V. Room)
The Student Affairs Committee of Floyd Junior College met at 3:00 p.m. on Thursday, November 9, 1978 in B-153. Present were Dixon Anderson, Harold Boyd, Ruth Corlew, Margaret Davis, Allen Trout, Holly Lawrence, Hal Langford, Phil Mengle, Joseph Hayson, Steve Patton, Paul Phillips, Town Rainwater, Judy Sins, and Bob Wentz.

The Chairman, Joseph Hayson, called the meeting to order and the minutes of the last meeting were approved. Mr. Hayson said that he would check to see if Anita Wilson and Mary Kavlock could be replaced by other faculty in their respective divisions. Each has a conflict and cannot attend Student Affairs Meetings this entire quarter. Reports from various subcommittees were then brought to the floor.

Ruth Corlew reported first for the Honors Day Subcommittee. A questionnaire was circulated and the results were compiled by her committee. (See attachments 1 and 2.) Indications were that Honors Day should be on campus, with a banquet if feasible, having a brief, quality speaker, everyone invited, much publicity, and more emphasis on the honorees. Also many other awards were suggested such as Outstanding Academic Veteran, Six Mile Post Award, Outstanding Mental Health Student, Outstanding Club Leader, and Teacher of the Year.

Mr. Corlew then moved and Hal Langford seconded that these ideas be presented to Dr. McCorkle, and that a committee be formed to help plan Honors Day. Discussion following this motion was heated, to say the least. The Banquet versus Non-Banquet factions each had strong arguments for their respective viewpoints. Finally, the chairman called for an informal vote to settle the food question. The banquet lost, but a program with a reception was a happy compromise.

Another important result of the questionnaire was that it pointed out lack of knowledge about award criteria. Paul Phillips mentioned that criteria for existing award would be published in the next student handbook. Joseph Hayson suggested an Honors Day Program Brochure which could be published in the spring.

Finally, the motion by Ruth was brought to a vote and passed. Joseph asked Paul to accompany him to present the suggestions to Dr. McCorkle.

The Publications Committee report was next, given by Paul Phillips. This committee has met twice, with routine approval of student appointments to campus publications, one mid-quarter switch in a newspaper position, and the possibility of an Advising Board for the Six Mile Post.

Joseph Hayson reported on the Cultural Events Committee which has also met twice. The Committee voted against spending large amounts of money on just a few celebrities, preferring to spread the wealth around. There were several suggestions for upcoming events and these were published in ballot form in the Six Mile Post.

Hal Langford gave the last subcommittee report which was on Promotion or Publicity of events at Floyd Junior College. (See attachments 3, 4, 5 and 6.) This report gives guidelines for promoting any "Big Event" on campus. Suggestions were also made that the chairman of the event keep a log and that all events (even dances) be evaluated. Ruth Corlew suggested that announcement in classes be staggered by divisions over a certain time period. She also made a plea for structured guidelines for all publicity on this campus, mentioning the possibility of a central information center with club publicity, job information, etc.

Chairman Hayson adjourned the meeting at 4:15 p.m. The next meeting will be Thursday, November 30 at 3:00 p.m. in B-153.

Respectfully submitted,

Margaret Davis, Secretary

SUBJECT: Publicity for "Big Events"

This outlines briefly what should be done to publicize future big events on campus. While each event will be handled differently as requirements dictate, this will provide guide lines to assist those people in charge of publicity.

It is important that different people be responsible for publicity with each new event that comes along.

Overall event co-chairpersons, 1 faculty, 1 student, would be responsible for getting committees developed and manned. This committee's membership should also be rotated for the development of new methods and ideas. Each co-chairperson should keep a log of what he/she has done and the results of their actions. This will aid future event co-chairpersons and will indicate those practices that work and those that do not.

This is by no means a panacea for our publicity problems, it does give us a base from which to start. Hopefully you will be able to add to this document.
PUBLICITY COMMITTEE RESPONSIBILITY

2. Provide information to Public Information Office.

RE: Meeting Wednesday, January 31, 1:30 pm
    To vote on Honors Day Proposals

The Student Affairs Committee will meet Wednesday, January 31, 1979, at 1:30 pm in B-153 (Nursing A-V Lab), to consider and act on the restructuring of FJC Honors Day awards, the results of which action will be formally presented for discussion and approval at the next full faculty meeting. Your attendance and studied participation at this meeting is very important.

Please read the attached subcommittee report, consider it carefully, and do the following homework:

1. consider the merit of each proposal and how you could best represent your constituency and the student body;

2. consider the order in which these items would best be brought to vote; and

3. make notes on other items and ideas which you feel should also be considered as part of the revision of Honors Day.

N.B.: Dr. McCorkle has expressed to me that in our attempts to improve the academic emphasis of Honors Day 1979, we not make it a hard act to follow for the 1980 (Decennial) Honors Day Program; specifically he referred to changes and embellishments which cost money. Inexpensive renovation, precedent-setting, and way-paving he waves on heartily (with the possible exception of the "first" President's Award).

PS: for those who missed, for whatever reasons, the January 18 meeting, it was called for lack of a quorum. (This meeting is one of life's little second chances, which I particularly appreciate.)

RSVP TO Shirley Morrison, Special Studies, by Tuesday, January 30, 1979
Discussion of honor awards was split. Should this event be exclusively for academics? Yes. Then what about Intramurals? Cut 'em! O.K., then what about student activities awards and nursing awards? Now there are problems!

There was a general feeling that leadership, spirit and Old Red Kimono, as well as Art Purchase awards be included in Honors Day. Nursing awards apart from the departmental award were debated. Item #5 of Stu. Acts Subcommittee notes this day as a political event as well as academic day. How to please everyone yet maintain academic theme? Wenz insisted that Nursing awards be included, particularly because of accreditation problems. This could well help to counteract the bad PR these problems have made. Mengel rebutted that the nursing awards are primarily achievement-oriented and should not be passed off as honors awards for academics. Furthermore, in so doing, these awards could be seen by some as being somewhat questionable or false crutches in light of detrimental focus on nursing department.

In order to appease all departments and focus on academics it is the consensus of the subcommittee that:

1. Criteria for academic awards should emphasize high level participation both in general academic and specific award areas with less emphasis on community/extracurricular activities. If necessary, this can be used as a tie breaker.

2. General Criteria

Students considered should be sophomore-level, or clearly outstanding in general and specific academic areas for that award. Cumulative 3.0 average minimum will emphasize academics. However, nominees will ordinarily be Dean's List calibre. One person will receive each departmental award. Specific Criteria.
Apart from the general criteria, each award should be left to the discretion of the awarding department with the trust that the academic focus will prevail in selecting nominees. In order to preserve the integrity of the award and honor's day, if general criteria cannot be met, this subcommittee recommends that award not be presented during honor's day ceremony.

3. In order to maintain the focus, scholastic awards would be separated from sister awards that are more achievement-oriented. It is therefore suggested that the honor's day program be divided into two areas: academic, and activities/achievement. (A suggested program is attached). In this way academic awards, will be foremost while at the same time granting high recognition for achievement.

4. Athletic awards should not be included in this particular ceremony. Athletics are seen as important and fundamental to the school spirit. However, given the intramural thrust and Jr. College level of competition, the subcommittee feels that apart from a departmental scholastic award this occasion is inappropriate for presentation of other athletic awards. Recognizing the ambiguity of this decision, the subcommittee recommends that given the number of athletic awards, another occasion be sponsored focusing on athletic awards, or if after dialogue and debate, athletic are included in Honor's Day. The awards should be brief both in number and in recognition, and presented during the achievement portion of the ceremony.

5. Awards should be consistent and relative to the honor being accorded.
certificate. FJC maintains awards in a public showcase adding student name to a list each year. Recipient of award keeps certificate in personal possession.
SUGGESTED PROGRAM FOR HONOR AWARDS

I. ACADEMIC SCHOLARSHIP AREAS:

1. President's Award
2. Honor Graduates (3.3 GPA)
3. Department Awards (3.0 & higher)

II. ACHIEVEMENT

2. Nursing Awards?
3. Art Purchase
4. Olk Red Kimona
5. FJC Spirit Award

The Student Affairs Committee has recommended that the annual Honors Assembly will be Friday evening, May 18, 1979, at 8:00 in the Student Center. There will be a reception following the ceremony for faculty, parents, students, and friends of the college. Official invitations will be sent to the honorees and their parents.

The Student Affairs Committee would like to have all the awards that are to be presented to the honorees as equal as possible. This does not mean that they must all be alike, but it does mean that awards should be of the same intrinsic value.

Because of the need to send out invitations, the Office of Student Activities will need the names of your honorees by May 1, 1979.

Your cooperation will be appreciated.

STUDENT AFFAIRS COMMITTEE

November 12, 1979

Attending: Aline Frost, Lamar Callahan, Joy Lanier, Judy Williams, Rita Spriggs, Kristie Kemper, Joey Mayson, Paul Phillips, Ruth Corlew.

Absent: Margaret Davis, Harold Boyd, Steve Burns, Leigh Callan, Hal Langford, Bob Wenz.

The Meeting was called to order by lame-duck J. Mayson and the immediate election placed J. Mayson as chairman and Margaret Davis as secretary for the 1979-80 year. After an emotional campaign speech by Mayson, both were elected by acclamation.

SGA presented the new constitution of the Deaf Awareness Club with the recommendation that it be approved with the exception of the change in meeting dates and the quorum percentage. The SGA recommendation was for no change in the above two exceptions. (They would remain as stated in the previous constitution.) The motion to accept the SGA recommendation was approved unanimously.

Paul Phillips presented the Who's Who Committee recommendations for the current year. Those meeting the basic criteria and recommended by the committee were approved on a Judy Williams, Ruth Corlew motion.

Three applications not meeting the basic requirements were rejected with the understanding they could be considered next year when minimal hour requirements were met. Three applications with no consensus from the review committee were discussed and resulted in two approvals and one rejection. Two other late applications not reviewed by committee received approval. (A list of those students elected to Who's Who is attached to these Minutes.)

After much discussion concerning methods of acquainting the student body with the criteria for Who's Who, it was decided by the committee to devote a portion of the first meeting of Spring Quarter to preparing an article for publication in the Fall Quarter issue of Six Mile Post. This article would include the criteria and method of selection.

A Kristie Kemper/Judy Williams motion to recommend to the Who's Who reviewing committee that a space be added to the application for background information (family, career, etc.) was approved.

The meeting closed with Chairman Mayson charging the students present to be aware of any items concerning students that needed to be brought before this committee.

The next meeting was set for Monday, January 19, 1980.

Respectfully submitted,

Ruth O. Corlew

Paul Phillips presented the Who's Who Committee recommendations for the current year. Those meeting the basic criteria and recommended by the committee were approved on a Judy Williams, Ruth Corlew motion.

Three applications not meeting the basic requirements were rejected with the understanding they could be considered next year when minimal hour requirements were met. Three applications with no consensus from the review committee were discussed and resulted in two approvals and one rejection. Two other late applications not reviewed by committee received approval. (A list of those students elected to Who's Who is attached to these Minutes.)

After much discussion concerning methods of acquainting the student body with the criteria for Who's Who, it was decided by the committee to devote a portion of the first meeting of Spring Quarter to preparing an article for publication in the Fall Quarter issue of Six Mile Post. This article would include the criteria and method of selection.

A Kristie Kemper/Judy Williams motion to recommend to the Who's Who reviewing committee that a space be added to the application for background information (family, career, etc.) was approved.

The meeting closed with Chairman Mayson charging the students present to be aware of any items concerning students that needed to be brought before this committee.

The next meeting was set for Monday, January 19, 1980.

Respectfully submitted,

Ruth O. Corlew
STUDENT AFFAIRS COMMITTEE MEETING MINUTES

The Student Affairs Committee of Floyd Junior College met on April 1, 1980, in room B-153. Present were Lamar Callahan, Ruthie Lawler, Sandra Hudson, Judy Williams, Kristie Kemper, Jim Hobgood, Joseph Mayson, Ruth Corlew, Harold Boyd, and Bob Wenz.

Chairman Mayson called the meeting to order and suggested the following additions to the Honor’s Day Responsibilities list included in the minutes of March 11.

3. Invitations, copy distribution and mailing: Mrs. Bannister and Mrs. Lawler (they would send letters to winners of awards rather than invitations and specify that they were to receive an award - no additional information would be given in such letters).

5. Refreshments, ushering and distribution of programs; Judy Williams, SGA.

8. (Added) Protocol: Harold Boyd, certificates; Hal Langford, plaques. (Get information also as to where each permanent award is displayed.)

Following these working changes and additions, the minutes of the March 11 meeting were approved.

Continuing with Honor’s Day, the decision was made to type a standard form for pertinent information concerning each award winner. This form to be filled out by the award selector. This information would be given to the presenter for a 1 to 2 minute introduction of the award winner. Sandra Hudson was asked to prepare this form and to include the following information:

Name, Address, Parent/Spouse, Major Area of Study, Employment, Extra-Curricular Activities, Education and/or Career Plans, GPA (if relevant), Anecdotal Information.

Each presenter would be armed with the above information plus the award, name tag, and information pertaining to a permanent plaque if applicable.

Jim Hobgood asked that award winners be asked to pose for publicity pictures, by counties, after the program. Joseph Mayson would make the announcement near the end of the program.

Name tags for award winners and discussed at some length, the final decision being that Harold Boyd and Ruthie Lawler would be responsible for preparing name tags for each winner and this would be presented with the award.

A discussion concerning a central location for all permanent awards resulted in a suggestion that it be "somewhere" in the Student Center but no final recommendation was made.
The suggestion was made and accepted that the background for the awards platform be composed of the permanent plaques, winning art work, etc. Using the portable display boards (?) from the library was suggested.

Bob Wenz, chairman of Honor's Day sub-committee, was asked to meet with his committee and assign areas of responsibility for the purpose of coordinating Honor's Day Program.

Tuesday, May 6, 2:00 P.M., was set as the next Student Affairs Committee meeting date. This would finalize the work on Honor's Day.

Following a brief discussion of upgrading the club area of student activities, the decision was made to remind the faculty that the Student Activity Period, Monday, 12:00 noon to 1:00 P.M., was to be reserved for student activities.

Mr. Boyd asked for suggestions concerning the area of responsibilities or job description for a director of student activities.

The meeting adjourned.

Respectfully submitted,

Ruth Corlew, Acting Secretary
