The CAPP (degree program audit System) is in the process of being developed for FC.

The Cabinet has recommended that a policy be developed concerning holiday leave during Winter Break. The 2002 break will begin on December 23 and three annual leave days will be required. President Pierce stressed to the Council that it is incumbent upon supervisors to be sure employees have the leave days on the books.

Bob Gilbert was appointed for another term to the Computer Committee. Laura Wilbanks will replace Renee Tumblin on the Financial Assistance Committee; and Ken Reaves will oversee the election of staff members to the College Grievance Committee.

Jack Bishop is working with the various units of the College to update their unit plans. These must be tied to the College goals. This will be an annual process.

version of the memorandum. Barbara Griffith will request a copy of the memorandum which will be distributed to the Administrative Council.

Draft goals for 2002-2003

The Cabinet reviewed the goals (see copy attached.) The President indicated that there was a newer version of the document. This will be e-mailed to all Council members.

This will be included in the Safety Manual as well as the Handbook. A discussion  
followed.

Dr. Carson discussed a recommendation made by the Institutional Effectiveness  
Committee (copy attached) as read by the Cabinet. Dr. Carson reiterated that there are  
no performance requirements tied to assessment. The ownership is at the faculty and  
unit levels. Jack Bishop is available as a consultant. This is a self-improvement plan.  
She distributed a list of the units and the person responsible for that unit (see attached.)

President Pierce discussed the issue of other educational institutions using Floyd  
College facilities. In order to avoid competing programs, all requests must be approved  
by Dr. Carson before contracts are negotiated. Everyone should follow procedures  
regarding use of the facilities.

emerging leadership series will be tied to the Rome Rotary.

Dr. Pierce reported the following from the Cabinet meeting held in the morning:

The USG will be holding each institution accountable to a certain level of Study Abroad  
involvement over the next five years. One figure that has been mentioned is 120  
students participating each year. Floyd College has an International Committee that will

internationalize the curriculum.
There is a lot of discussion regarding retention. This time it is a five-year goal.

The USG is moving away from using social security numbers as student ID numbers. All students will be assigned a different identifying number.

The Welcome Statement will be posted to the FC website and will be published in all printed materials for the college. This will also be announced at the faculty/staff meeting on October 17.

President Pierce gave an update on the Cabinet meeting:

A) The recently approved policy that the action of the Student Affairs Committee must be approved by the Cabinet was rescinded. This is against the Statutes; therefore, the action approved by the Student Affairs Committee will go to the faculty and then to the President.

B) The College will begin a Comprehensive Program Review of all programs awarding the AS, AA, and AAS degrees. This will be done a seven-year cycle, with the first review being the Dental Hygiene Program. There will be a review of an academic program each year of the seven-year cycle. E) Dr. Carson discussed the syllabus guidelines developed for the College. This was an information item.

F) President Pierce asked the Council to review the budget process (copy attached.) This is to formalize and put into writing the current process being used. The process links the College budget process with the USG budget process and the College goals. This will be discussed at the December 16 retreat.
G) Dr. Carson discussed the faculty hiring needs of the College in light of the enrollment increase. With the exception of replacing one position at the end of this year, due to a retirement, faculty will be hired on an annual basis, non-tenure track. Should the enrollment patterns require, the annual hires will be converted to tenure-track positions and will be advertised as at the time they are converted.

H) With the assistance of the planning grant, Floyd College is making progress toward developing the Oncology Nurse Navigator Program. This is an innovative program which serves as a model both regionally and nationally. A review panel has been appointed which will review the program and make suggestions. The curriculum could be ready for next fall. The students will be RNs who have worked in the field. New RNs could participate. The students will be located throughout the state.

M) President Pierce discussed the 2004 Budget Plan (see memo attached.) This is the way that the University System will deal strategically with the 2004 budget. President Pierce would like to have an outline before the winter break, so that the blanks can be filled in and the narratives written when the College reopens in January. The plan will be tied to the College goals. 15% of the formula will be held at the System Office and the College has to ask for it. The College will request faculty positions be funded based on large enrollments. This will be discussed on December 16.

N) The College will join the Community College Baccalaureate Association, which deals with community colleges who offer four-year degrees or have four-year degree programs offered on their campuses. This is a fit with what the College is doing and will continue to develop in the future.

O) President Pierce will ask the Human Resources Advisory Committee to look at the service awards and the ceremony as it relates to how retirements are recognized and the service awards given.

P) The System Office has requested Brag Sheets by December 15. These are condensed and compiled into notebooks which are given to the legislators during the next session. Sandy asked for information, especially student related achievements, to be sent to her this week.
Q) FCTV will be moving to channel 4 on which programming will be shared with city and county governments, Shorter, Berry, and the school systems. FCTV will also be talking with CVTC concerning programming.

John Spranza will be the new Student Life Director beginning in January. Cristy Twilley has been hired as secretary in that department and will begin December 16.

There will be a joint Foundation Executive Committee meeting on Wednesday of this week. The proposal from the Clements Group will be presented.

The Chancellor has asked Shelley Nickel to conduct a study noting the population centers with an overlay of where four-year institutions are located. This is an effort to look at where additional four-year programs are needed across the state.
