Enrollment update. Enrollment is up 600 from this date last year (see attached.)

Other
Security threats. Jeff Patty announced that it has been recommended by the State and other colleges to switch web browsers to Mozilla Firefox instead of Internet Explorer. This will take some time since each machine has to be done.

Changes in computers. IT will be changing the way accounts are done. Administrative privileges will be removed so that employees will not be able to load software on machines.

MRR project update. Doug Webb announced that Plant Operations is working on MRR projects which have already been scheduled.

Relocation of Hubs. Jeff Patty announced that IT is moving hubs and doing some rewiring. Classroom AA-43 will no longer be a wired classroom. On a case-by-case basis, they are removing wired connections in classrooms and will move towards wireless in the future. However, only laptops will be wireless. Desktops will be wired.

Draft agenda for In-Service. Ken Reaves distributed copies of the draft agenda for In-Service on August 9-10. Human Resources will order lunch to be served in the Lakeview Building.

Family Picnic update. Ken is looking at August 25 with the same format as last year – a picnic at Ridge Ferry Park and the Braves Game at 7 p.m. The Minutes are updated to reflect that the date has been moved to Friday, August 20, with the picnic being held at the Braves Stadium.

Orientation update. Lynn Bacon reported that there has been two Early Bird sessions held to date. Additional sessions are scheduled for August 3, 5, 10, 12, 14 and 16. Classes start on the 18th. They have oriented 190 students.

Phyllis Weatherly asked for assistance in directing traffic for the sessions on the Rome Campus.

Once he gives his feedback, Dr. Pierce will talk with them again and move forward with finalizing the process.

Update on focus groups. The second focus group is meeting today at Bartow. The last group will be on the 4th. There will be a process for the Administrative Council as well as faculty and staff to have input.

President's Cabinet update

President Pierce opened with a Cabinet Update as follows:

Old Business. There was no old business.

New Business.

Ethics Representative. Ken Reaves will serve as Ethics Officer per Governor Perdue’s Executive Order.

Alcohol Policy. The Alcohol Policy will be reviewed. There are two issues being considered in this review: we do not charge enough for the rental of Lakeview or Centre Stage; and, if it is an event largely attended by minors, we shouldn’t allow alcohol. The building capacity allowed by the Fire Marshall should also be reviewed.

Business After Hours. The Business After Hours with the Arts will be held 5:30-7:00 p.m. Thursday (September 2) in Centre Stage. Advance admission is $5 by calling the Chamber, and walk-ins will be charged $7.
Campaign update. Judy Taylor reported that the Management Committee met Thursday and will look at all the issues related to the Campaign.

The leadership for the internal campaign (faculty and staff) will be David Mathis, Chair, Dr. Jon Hershey, Chair of the Faculty Division, and Linda Dyer, Chair of the Staff Division. The Internal Campaign is made up of faculty and staff, retirees, and Foundation board.

Judy and Dr. Pierce began meeting in Executive Awareness Sessions last week and will continue this week. The sessions are with people who were interviewed or designated as leadership or significant donors. They will also conduct awareness sessions with larger groups such as retirees, board members, and alumni groups.

Judy is working on a named giving brochure.

Enrollment update. Dr. Shade reported on fall enrollment, noting that enrollment for fall is up 4.5%. Full-time enrollment increased 15% over last year. There was an 8.3% increase in credit hours. New applications entered were up by 16.4%, and the total increase in first-time students was 10%. Major factors concerning the decrease in enrollment growth from the previous year are that Cartersville and North Metro are maxed out in capacity and the Haralson site was closed in May. He thanked everyone for their hard work and effort. (See attached Enrollment Report.)

Other.

Name change/mission review update. Dana Davis reported that the majority of participants in the focus groups as well as the respondents to the internal survey want a regional name for the College. Dr. Pierce will package the survey, internal and external, and will take the results and the proposal to the System Office. She reiterated that to not change the name would be short-sighted.

Statewide Assessment update. A news release following the Regents Retreat last week makes the statewide assessment public. It is available on the USG website. The release also included an announcement that the Gwinnett Center will become Gwinnett State College, based upon the assessment results.

Marketing/Communications Plan. Dana has completed a draft of the Marketing/Communications Plan for College Relations.

Assessment

Dr. Rob Page gave an update on the assessment process. Unit plans are due to Jack Bishop by September 7. The support unit mid-year plans are due January 12, and the final report is due June 1, 2005.

There is increasing importance placed upon the Mid-Year Report as it relates to closing the loop. The goal of all of the unit plans is to increase services to students.

Other
Dr. Pierce reported that the College has made its budget with the fall enrollment; however, the thirteenth payroll may have to be absorbed ($450,000.) There may be a 5% cut in the FY05 budget. The 4.5% increase in enrollment fell short of the projected 10% increase. The System may increase tuition in January; however, 5% will only net $150,000.

Dr. Carson announced that Carolyn Hamrick has agreed to serve as transfer coordinator. Dr. Carson thanked Bill Mugleston who has served in this capacity in the past.

Dr. Carson discussed the issue of transferring credit for English 1102 to Berry College.

Ken Reaves announced that staff salary increase letters will go out soon.

Dr. Chattopadhyay encouraged advisors to encourage students to save their tests and papers. He had recently dealt with a grade change issue where the instructor no longer works at the College and the student had kept their papers and tests.

There being no further business, the meeting was adjourned at 3:05 p.m.

Respectfully submitted,

Cabinet Update

Dr. Pierce next gave a Cabinet update as follows:

Old Business.

Final holiday schedule 2005. Ken Reaves reported on the Cabinet’s discussion regarding a floating holiday in 2005. The Cabinet had approved March 21, during Spring Break, as the holiday. There was discussion by the Council regarding allowing employees to select a day that week, approved by their supervisor. The result was that, if that was Easter weekend, then Friday, March 25 would be taken and there would be an eight-hour workday schedule that week.

Campaign update. Judy Taylor reported that there are three divisions which make up the internal campaign, faculty and staff, retirees, and board members. Team leaders for the faculty and staff division have been selected and will participate in training on October 4. The faculty and staff division campaign will end by the end of October, and the retirees and Board divisions will conclude by the end of November.
Judy and Dr. Pierce are continuing to meet with people externally.

**Mission Review and Name Change Process.** Dr. Pierce discussed a memorandum dated September 9, 2004 from Chancellor Tom Meredith (see Cabinet Minutes) and announced that the College will request a mission review to limited four-year status in order to offer four-year degrees in education, business, and nursing (bridge) as well as a name change. He plans to go to the community for support.

**New Business**

**August 2004 Student Development Summary Report.** Dr. Shade discussed the report (attached) which will be distributed monthly.

**FY 05 Major Repair and Renovation Allocation—Memorandum dated August 24, 2004.** Dr. Pierce discussed the memorandum, and reported that there was discussion among USG presidents regarding deferred maintenance. He has asked Doug Webb to put a hold on completing the planned projects while investigating whether or not the College can use some of this money to offset current cuts.

**CEC Charter School Dissemination Initiative – Letter dated September 3, 2004.** Dr. Pierce explained that Floyd College is part of the Education Collaborative of Bartow County, along with the Bartow and Cartersville School Systems and North Metro Technical College. The College will participate with PSO and Early College.

**Cooperative Organizations – Memorandum dated August 30, 2004.** Dr. Pierce discussed the agreement which has been developed and is required by the Board of Regents. The agreement will be signed by both the College and the Floyd/Bartow Foundation.

**Employee recognition awards.** Ken Reaves discussed the premise behind revitalization of the recognition awards for 25-year, 30-year, and retiring employees in order to give long-time employees more of a choice. He will bring a proposal to the next Cabinet meeting.

**Enrollment and budgets Fall 2000-Fall 2004.** Dr. Pierce discussed the information (attached) reflecting the increase in enrollment for the period while the budget has decreased.

**Other**

- **Safety Program grant.** The Student Life Department has received $12,000 in grant funds for a safety program.
- **Cost-saving measures.** Dr. Pierce discussed a memorandum from the Chancellor calling for cost-saving measures (i.e., utilities.) There was a discussion concerning a four-day workweek during the summer. Dr. Shuler will discuss the matter with Doug Webb as it relates to the resulting savings.
- **BOR Budget Request for FY06.** Dr. Pierce discussed the Chancellor's budget request for FY06.
• **Options for tuition increase.** Dr. Pierce announced that there would likely be a ten percent tuition increase in January. He discussed the effects of the increase.

• **USG Budget Principles.** Dr. Pierce discussed the principles (see Cabinet Minutes.)

• **Reaction to Statewide Assessment.** The College will issue a statement as to what we intend to do.

• **Response to enrollment increase.** The College now has a statement regarding the enrollment increase.

• **National Institute of Health Grant.** Dr. Carson first thanked the staff for a smooth beginning to fall semester. There are a record number of students enrolled and not enough staff to service them. She then reported that the College is applying for a National Institute of Health grant. Only six will be given in the state and the funds would support the Nurse Navigator Program.

• **European Council Brochure.** Dr. Carson announced that she has been asked by Tracy Herrington of the European Council at Valdosta State University to commend Ken Davis for an outstanding job of producing the brochure.

• **HOPE audit.** The College will have a HOPE audit. There will be two audits and then the College will be exempted the third year.

• **Scholarship Committee.** Judy Taylor reported that one of the priorities of the campaign is to establish new scholarships. Three new scholarships are being set up -- division, emergency, and study abroad. The Scholarship committee will be developing the criteria which will be presented to the President's Cabinet.

• **Charitable Contributions Campaign.** Ken Reaves announced that the College will have a campaign; however, it will be pushed back to November so as not to conflict with the major gifts campaign.

• **Other**
  
  John Spranza announced that Voter Registration will be taking place on the various campuses beginning next week. A staff member from the Secretary of State's Office will oversee the registration.

  Dr. Chattopadhyay mentioned that, at his Division meeting on Friday, there was a discussion concerning confusion regarding the closing of the College due to the hurricane. A discussion followed.
