Following lunch, Dr. Linda Nelson, Assistant Vice President for Human Resources at Georgia State University, spoke about diversity planning.

The final segment of the day was a question and answer session. There was some discussion about what the next focus would be once the Douglasville campus is completed. The president responded that it would probably be expansion in Marietta. There would also be continued expansion of e-learning. To the question about whether or not there would be furlough days next fiscal year, Dr. Pierce replied that it would depend upon the possible imposition of additional budget cuts over the 8.25% we currently face.

The meeting adjourned at 4:30 p.m.
Meeting of the Administrative Council  
Monday, February 15, 2010  
3:30 p.m.  
Executive Board Room  

Minutes  

Present were Randy Pierce, Dana Davis Ken Reaves, Kirk Nooks, John Southwood, Carla Moldavan, Donna Miller, Elijah Jeff Patty, Cynthia Parker, Phillip Kimsey, Jason McFry, Donna Childres, Carolyn Hamrick, Leslie Johnson, Rob Page, Ron Shade, Ginni Siler, Sandie Davis, Todd Jones, Jeannette, Eckles, John Upton, Renva, Watterson, Diane Langston, Laura Musselwhite, and Nancy Warner.  

Winter retreat survey results (Ginni Siler) The feedback was very positive with the one recurring comment being the suggestion that in the future there be more time for team development activities. The summer retreat will take place at Red Top Mountain.  

Summer 4-10s starting dates (Ginni Siler) May 29 and June 4 will be furlough days this year. For the subsequent four weeks, employees will work Monday through Thursday, ten hours a day.  

Fall in-service (Ginni Siler) Ms. Siler presented the new fall in-service format to council members. In a departure from recent years, the in-service will occupy a full day. See attached grid of proposed workshops.  

Motor vehicles policy (Ginni Siler) There is a new USG policy that states that if you are an employee on institutional business, you will be subject to annual driver training. There was a question about how a person's driving record could affect the amount of travel mileage reimbursement. There will be more information coming in March.  

Faculty Advisory Council (Leslie Johnson) At the recent FAC meeting, concerns were raised about policy changes, personnel actions, and evaluations. Ms. Johnson will be speaking with administrators in the next few weeks to get information to take back to the council.  

Service animal agreement 2nd read (Ron Shade) It was announced that the policy was approved in today's cabinet meeting.  

Academic calendar (Ron Shade) It was announced that the calendar was approved in today's cabinet meeting. See attached.  

Travel mileage policy change (Randy Pierce) Dr. Pierce revisited a decision made several years ago that prevented mileage reimbursement for travel fewer than 40 miles from the employee's home campus. He hopes eventually to have college cars available for use at each campus, but until then, he wants employees on institutional business to get reimbursement for all mileage.  

Innovation principles (Randy Pierce) The Chancellor has asked all USG institution presidents to send him a list of what they are doing currently that is innovative as well as suggestions for the future. Dr. Pierce instructed council members to send their thoughts to him as soon as possible. See attached.
Graduation speaker (Randy Pierce) Dr. Pierce announced that he intends to invite Dr. Jill Biden to be the featured speaker at our commencement exercises in May.

EBR/EDR usage policy—second read (John Southwood) It was announced that the policy was approved in today's cabinet meeting. See attached.

Internal controls—cash handling (Rob Whitaker) The VP for Finance and Administration is concerned that there are no formal policies concerning where and how cash is handled for various purposes and activities. He is working to correct this. More information will be coming. Jamie Petty will make training available.

Comp time payout (Rob Whitaker) Mr. Whitaker reminded cabinet members that compensatory time that is not taken within 21 weeks will be automatically paid as overtime, and that most departments do not have funds in their budgets for this. It is necessary for budget managers to stay on top of this issue.

Catering requirement (Rob Whitaker) Mr. Whitaker reiterated that the only exclusion to our catering agreement with Campuscater pertains to student-funded events.

Cartersville announcement (Rob Whitaker) It was announced that approval is near for funding of a traffic light at the main entrance to the Cartersville campus from GA 20. There remain only small logistical issues. The whole intersection will be re-configured in the half million dollar project. The construction will be complete by the time of the opening in August of the new civic center in Cartersville.

Diversity plan update (Renva Watterson) The next step in transforming the USG diversity initiative into internal action at the college will be a series of “diversity dialogues” at the Floyd, Cartersville, Marietta, Paulding and Dallas campuses. The dates will be sent soon via email. Each employee is encouraged to attend at least one session.

Brother-2-Brother/African American Male Initiative (Renva Watterson) Dr. Watterson provided an update on the formation of this group at GHC.

Graduation/Retention Committee update (Renva Watterson) The committee, composed of faculty and administrators, has been formed and charged with developing a three-year plan that can be assessed. A report on the work of the committee is due into the Board of Regents in April.

Curriculum Revision Committee update (Renva Watterson) Dr. Rob Page is the chair of the committee whose goal will be to reconsider GHC’s core curriculum. Using guidelines from the BOR, it is hoped that the new core will offer greater transferability. Dr. Pierce described it as an opportunity for self examination and a chance to define who we are.

New student orientation consideration by AA/SS (Renva Watterson) A group has formed to take a look at orientation to come up with ideas to improve efficiency and to find ways to extract information from it regarding graduation and retention.

Other
- Student Services is looking at dual enrollment criteria. The university system wants information related to possible changes.
- Employees and students should be aware that decisions regarding weather-related campus closings generally are not made until the morning.
- Admission letters for summer are going out now.
- Forms are being sent into the system office requesting to drop the regent’s test requirement. GHC has had top passing rates among two-year schools, and they compare very favorably with four-year institutions.
- The next speaker series event will take place Wednesday, February 24 at 7:00pm. Barry Scott will perform a tribute to Martin Luther King, Jr.
- The PTK Breakfast with the President was held at Cartersville this morning. It will take place on the Floyd campus tomorrow.

The meeting adjourned at 4:45 p.m.
March 1, 2010: There was no meeting of the Administrative Council on this date.
Executive Summary of Honors Program Meeting, Friday, March 12, 2010, 10 am,
Division of Humanities Conference Room

In attendance: Blanca Gonzalez, Jesse Bishop, Kerin Miller and Laura Beth Daws.

The goal of today's meeting was to brainstorm ideas for the Georgia Highlands
College Honors Program (HP), as well as to develop a tentative vision for the Honors
Program. The following details concerns, ideas and plans for the HP.

Problem:
- GHC's previous "Honors Program" was simply a designation and form to fill
  out, that would involve a faculty member sponsoring an honor's project
- Many students weren't aware that this was an option
- Very little buy-in from students, failure to develop cohort of invested
  learners
- We teach a wide range of students in all classes, making it difficult to keep
  the higher-level learners interested while ensuring that those who are
  working at a slower pace are keeping up with material

Overall Vision
- We envision the GHC HP as an outlet for our best and brightest students to
  excel both inside and outside of the classroom. We expect to develop a
  mission/vision statement at our next meeting.
- We hope the HP will be an interdisciplinary effort involving faculty from
  Sciences, Humanities, Social Science, Business and Mathematics
- We anticipate working closely with the Division of Academic Affairs in terms
  of funding and other support
- We expect to use all available resources, such as those published by the Phi
  Theta Kappa organization and other published information about other
  honors programs, in developing our own
- We anticipate modeling the GHC HP after other 2-year programs' honors
  programs, following best practices as determined by the committee
- We expect that the implementation of the HP will be gradual, starting first
  with an Honors Designation, then moving forward with offering several
  classes as Honors Program courses available only to those students in the HP

Concerns
- Funding - we are well aware of the economic pitfalls that plague our current
  college budget. However, to be successful, we will need funding. During the
  meeting, we discussed that the one commonality among other honors
  programs was a secure and stable funding source. We hope that GHC will be
  able to partially supply funds, but we will also seek out grants and other
  funding opportunities.
  - We expect to capitalize on the funding sources and general resources
    of our chapter of Phi Theta Kappa, at least in the early stages of the
HP, in order to obtain speakers, make seminars available for students, etc.

- **Overall College Support** – We must have the full support of GHC’s administration in order to reach our goals and be successful.
- **Faculty buy-in** – We are concerned faculty will be hesitant to participate because we aren’t sure we’ll be able to aptly compensate them for working with the HP, at least initially.
  - Also: how do we determine which faculty are able to participate in the HP? This is something that will need to be worked out at a later date.
  - We mentioned the possibility of having those who are on the HP committee being responsible for initial planning and teaching of the first honors colloquia or honors courses, then passing it on to others not involved with the HP.
  - There is also a concern with how faculty will be compensated for being involved with the HP. We will need to determine if faculty will receive a course reduction from their contracted responsibilities for teaching an honors course, or if they could be financially compensated in some way.
- **Determining students to participate** – We discussed possible criteria for admission into the HP, using Georgia Perimeter’s admission standards as a starting point. We expect to admit students after at least one full semester at GHC and determine admission based on GHC GPA, a faculty recommendation and perhaps an ACT/SAT score.
  - Another option would be for the students to have had at least ENGL1101; this would help us determine writing competency.
  - We could also require applicants to write an essay.
- **Honors courses that meet a range of needs** –
- **Student buy-in** – We discussed perks that we could offer our Honors Students. Many students associate Honors Programs with more work. We would hope, instead, that students would see the HP as a reward for doing good work their first semester at GHC, not as an increased labor load. Some suggested perks included:
  - Honors student only lounge area
  - Increased quality points
  - Market our program as independent, not “more,” work
  - Increased cultural experiences
  - Early advising and registration
- **Where do we offer the HP courses?** We discussed offering HP courses at campuses where most of our students could benefit. Or, depending on who enrolls, it might be best to offer the courses at a central location. We will do a needs assessment using institutional data to answer this question.

**Short-term Timeline**
- Spring 2010:
• continue meeting as a committee to develop a vision, goals and specific timeline for HP
• seek funding opportunities

• Summer 2010:
  o develop an Honors Program course, offered under Area B: Institutional Options, that would be team-taught by several faculty members.
  o This would be a pilot program to test our selection criteria, team-teaching, and overall approach

• Fall 2010:
  o determine a syllabus and instructors for initial Honors Program course
  o ensure that the Honors Program Course is listed in the course catalog for Spring 2011
  o recruit interested faculty for later HP team-taught courses

• Spring 2011:
  o Offer Honors Program course
  o Evaluate and assess effectiveness of the course

• Summer 2011:
  o Further refine goals of the HP
  o Refine the Honors Program course for Fall

• Fall 2011:
  o Offer one more team-taught, interdisciplinary Honors Program course, covering different perspectives than the course offered in the spring

Immediate needs
• We would like to have at least one more person on the HP committee from Social Sciences (and maybe also from Business) so that their needs are covered
• We need to be sure that GHC will support our work, not just financially but also ideologically
• Determine who will be part of the “pilot” HP group, to be implemented in Spring 2010
• Determine what HP colloquia/course to offer in Spring 2010: who will teach it, what topic(s) will be covered, how students will be evaluated
• Marketing tools, such as brochures and other informational printed materials or a website

Our next meeting will be on May 2 at 10 am. We will discuss:
• specific learning outcomes
• methods for evaluating students
• best practices at other colleges
• requirements for HP for Spring 2010: a course offering? Required field trips/outing? Guest speakers?

MINUTES

Present were Randy Pierce, Dana Davis Ken Reaves, Kirk Nooks, John Southwood, Carla Moldavan, Donna Miller, Elijah Scott, Jeff Patty, Cynthia Parker, Phillip Kimsey, Jason McFry, Donna Childres, Carolyn Hamrick, Leslie Johnson, Rob Page, Ron Shade, Ginni Siler, Sandie Davis, Todd Jones, Jeannette, Eckles, John Upton, Renva Watterson, Diane Langston, Laura Musselwhite, and Nancy Warner.

Ethics training (Ginni Siler) There are still a few employees who have not taken the online ethics training course. They were reminded in e-mails from HR about completing this USG-mandated training.

Compensation study (Ginni Siler) Institutional funds were approved to pay for the college-wide compensation study. It will take several months to complete. Each faculty and staff member will be given a 2-3 page document to fill out describing job responsibilities. A project timeline will be developed and disseminated.

Performance reviews (Ginni Siler) Administrators were reminded to complete performance reviews. When complete, originals should be sent to Human Resources.

Summer enrollment and orientation update (Ron Shade) Enrollment for summer is up 70% from this time last year. The most significant increases were at the Floyd campus, Marietta campus, and web-based courses. The greatest enrollment is at the Cartersville campus. See handout. Orientation signup is now taking place, with 117 currently on the list.

Testing in absence of Regents (Renva Watterson) There was discussion about student evaluation in light of the Regent’s test exemption. It has been proposed that English 1101 could be used to evaluate writing skills, and that a group of faculty members could create a reading assessment instrument to be given to all students in 1102.

First Year Experience (Renva Watterson) GHC is under a USG mandate to create a first year experience program. The college has the components of such a program, but it is felt that more integration of the components is needed. The course, as proposed, will follow a standard syllabus, employ critical thinking, and use an academic approach. The course will also be comprised of a college vocabulary component, a portfolio component, and a two-hour community service learning component.

Honors program (Renva Watterson) Work is moving ahead on plans for an honors program. Issues under consideration include how to select honors program candidates and the content of the program.

Other
• The retirements of LaNelle Daniel and Beth Harrison were announced.
• The GHC Retention, Progression, and Graduation report will be presented to the Board of Regents next week.
• Dr. Pierce gave a brief summary of last week’s presidents’ meeting.
• The scholarship/donor reception will be this Thursday evening.

The meeting adjourned at 4:30pm.

Discussion about suggested organizational changes (Randy Pierce) Work on the recent retention report for the USG pointed out some needed changes. Dear Georgia Highlands College Administrative Council:

As GHC looks ahead to 2011 and beyond, the college has asked me to facilitate activities that will lead to the creation of the 2010-2013 GHC Strategic Plan. I foresee a time of continuing economic uncertainty and strong market forces that will continue to challenge us. I believe these conditions will present an unprecedented opportunity for those who carefully balance skillful and prudent stewardship of existing resources with bold new initiative and leading edge innovation.

In that spirit, the Cabinet is committed to insuring that the college community is fully informed, prepared and equipped to succeed. To help accomplish this, we will be conducting an in-depth strategic planning and decision-making process beginning at the Administrative Council retreat on July 12-13, 2010. The process will challenge you to establish a clear vision for GHC, the strategic opportunities that will propel you to that vision, and the critical factors you must address in order to be successful.

As you may already know, Cabinet members only will meet on the afternoon of July 12th to address some foundational questions about the long term direction of the college. On July 13th, the full Administrative Council will convene to engage together in the work of long-term strategic planning and decision-making. The process calls for a second session about thirty days after the first session. President Pierce will inform you of those dates as soon as they are confirmed.

The first step in building an effective plan is to collect the very best information available to inform the process. To that end, the college is working to compile from reliable sources an accurate and up-to-date view of the marketplace, the political/regulatory environment, and the issues and trends that will impact us in the future. At the same time, some of the most important and valuable input will come from each of you, in terms of what you think about GHC’s current effectiveness, the opportunities before the college, and what you can do to achieve the greatest success.

During the Administrative Council meeting today, you will all have the opportunity to complete an online GHC Leader Survey containing several important questions. Arrangements have been made to use the computer lab for this exercise, which will insure that you complete the survey in the shortest time possible with 100% participation. The survey should take no more that 20 minutes. Survey administration will be handled by my consulting group, Lewis Leadership. Your individual anonymity is fully assured and your complete candor and honesty is what will make the information most valuable to GHC. The results of the survey will be distributed to each of you prior to the July retreat.

In closing, let me again say how grateful I am to be assisting you in this all-important initiative as Georgia Highlands College strives to shape its future!

Best regards,

Bob Lewis

Dear [Blank]:

First, let me thank you all for your contributions to our strong results during the past year. As we look ahead to 2011 and beyond, I foresee a time of continuing economic uncertainty and strong market forces that will continue to challenge us. I believe these conditions will present an unprecedented opportunity for those who carefully balance skillful and prudent stewardship of existing resources with bold new initiative and leading edge innovation.

In that spirit, our Cabinet members are committed to insure that the organization is fully informed, prepared and equipped to succeed. To help accomplish this we will be conducting an in-depth strategic planning and decision-making process beginning at our Administrative Council retreat on July 12-13, 2010. The process will challenge us to establish a clear vision for GHC, the strategic opportunities that will propel us to that vision and the critical factors we must address in order to be successful.

As you may already know, cabinet members only will meet on the afternoon of July 12th to address some foundational questions about the long term direction of the college. On July 13th, the full Administrative Council will convene to engage together in the work of long-term strategic planning and decision-making. The process calls for a second session about 30-60 days after the first session. We will inform you of those dates as soon as they are confirmed. I am deeply grateful for your involvement and commitment to this effort.

The first step in building an effective plan is to collect the very best information available to inform our thinking. To that end, we are working to compile from reliable sources an accurate and up-to-date view of the marketplace, the political/regulatory environment, and the issues and trends that will impact us in the future. At the same time, some of the most important and valuable input we can receive is from each of you! We are very interested in what you think about our current effectiveness, the opportunities before us and what we can do to achieve the greatest success.

During our Administrative Council meeting on Monday, we will all have the opportunity to complete an on-line GHC Leader Survey containing several important questions. Arrangements have been made to use the computer lab for this exercise, which will insure that we complete the survey in the shortest time possible with 100% participation. We expect that survey completion will take no more that 20 to 30 minutes. Survey administration will be handled by the same outside consulting group that is assisting us with the planning process. Your individual anonymity is fully assured and your complete candor and honesty is what will make the information most valuable to us. The results of the survey will be distributed to each of you prior to the July retreat.

In closing, let me again say how grateful I am for your participation in this all-important initiative as we strive to shape our future together!

Best regards,

Dr. Randy Pierce

Executive Board Room

Minutes

Present were President Randy Pierce, Rob Whitaker, Jamie Petty, Ken Reaves, Kirk Nooks, Dana Davis, John Southwood, Todd Jones, Jon Hershey, Elijah Scott, Carla Moldavan, Donna Daugherty, Rob Page, Phillip Kimsey, Jason McFry, Diane Langston, Renva Watterson, Laura Musselwhite, Jeff Brown, Ginni Siler, Cynthia Parker, Sheryl Ballenger, and Nancy Warner.

Implementation of learning support task force recommendations (Renva Watterson)
Now that SAT/ACT scores aren’t required for admission, it falls to grade point averages to determine whether or not a student is accepted. However, the state is seeing lower GPA’s for students graduating from high school. There was discussion about how to encourage counselors to tell students to take the SAT and ACT for consideration in the event of low GPAs. Alternatively, students could be counseled to take the “institutional SAT”. It was decided to get more information about the cost and time frame for the institutional SAT. Also, in keeping with the new BOR chair’s emphasis on retention, it is recommended that we stop admitting students who test into all three learning support courses.

Strategic Planning Initiative Analysis Reports (Laura Musselwhite) September 1 is the deadline for the reports. Dr. Musselwhite gave an update on the reports that she has received. Bob Lewis will return September 13 to follow up on the work that was begun at the summer retreat. The reports will be folded into the strategic plan.

Enrollment update (Todd Jones) There is a fee payment deadline tomorrow at 5:00, and there are about 200 students on the list to be dropped due to nonpayment. Fall enrollment is flat with applications down significantly at the Floyd and Cartersville locations, see attached. Fifty-three percent of the students who were here last fall did
not return this fall. It was suggested that if we are losing students for lack of room in night classes, the number of sections of web-based online courses be increased. Dr Pierce wants the marketing committee to look at class scheduling, recruitment, retention, financial aid, and capacity. He wants to include recruiters and Laura Musselwhite on the committee.

**Fortieth anniversary celebration (John Southwood)** The celebration will take place at Barnesly Gardens on Friday, November 12. The plans include dinner, speaker, video presentation, and dancing. The ticket price should be set in the next couple of weeks. It was suggested that the Office of Student Life organize a celebration on campus for students.

**Physical plant work order system (Rob Whitaker)** Anyone requiring maintenance or repairs are encouraged to use this new work order system. It is similar to the one already in use for IT assistance. Requests should be emailed to plant@highlands.edu.

**BOR visit, September 14/15 (Randy Pierce)** Three members of the Board of Regents will visit the Floyd campus on the afternoon of September 14. The following day, the full board will have a regular work/planning session on the Cartersville campus.

**Employee identification (Randy Pierce)** There was discussion about the possibility of requiring staff/faculty to wear identification, especially in sensitive areas such as computer rooms and the mailroom. It was decided that those areas would be equipped with card swipe devices rather than require all employees to wear ID.

Meeting of the Administrative Council  
Monday, September 20, 2010  
2:00 P.M.  
Executive Board Room  

Minutes  

Present were President Randy Pierce, Ron Shade, Rob Whitaker, Jamie Petty, Ken Reaves, Kirk Nooks, Cathy Ledbetter, Dana Davis, John Southwood, Todd Jones, Jon Hershey, Elijah Scott, Carla Moldavan, Donna Daugherty, Rob Page, Phillip Kimsey, Jeff Patty, Diane Langston, Renva Watterson, Laura Musselwhite, Jeff Brown, Ginni Siler, Cynthia Parker, Sheryl Ballenger, and Nancy Warner.  

Rob Whitaker introduced two new finance and administration division employees, Rudy Battistelli and Melissa Kirby. Also, Jake Sullins, as the new Chair of the Faculty Advisory Council, attended the meeting.  

Professional development (Ginni Siler) The college is part of a professional development consortium that has Kennesaw State University as the hub. Ms. Siler spoke about the types of classes offered through Kennesaw State University that are not offered by GHC’s continuing education department. She encouraged the group to visit the website and take a look at the course offerings.  

Town hall meeting (Ginni Siler) There will be two meetings in November, one in Cartersville and one on the Floyd campus. It was felt that the attendance at town hall meetings decreased when the name was changed from faculty/staff meetings. The meetings will be video-conferenced.  

Open enrollment/benefits (Ginni Siler) An email was sent to employees that identified the contact persons on each campus to provide assistance with the health benefits enrollment process. There are a few new benefits to consider.
Strategic planning update (Randy Pierce) Work begun at July's Administrative Council retreat to identify strategic initiatives and strategy owners continued at two meetings last week. Dr. Pierce and Dr. Musselwhite gave a summary to the group. The next meeting will take place in October, at which budget planning for the initiatives will be discussed.

Graduation (Randy Pierce) It was decided to go back to having nurse pinning on Friday and commencement on Saturday. For the current academic year, that will be May 13 and 14. There will be further discussion about whether or not the nurses will receive their diplomas at pinning. Comments and suggestions were encouraged.

Other

- There will be an open house in Dallas, Georgia sponsored by Georgia Highlands College, Kennesaw State College and the Paulding Chamber of Commerce. It will take place the evening of October 14 from 5:00 to 7:00.
- On October 7 at 7:00 p.m., the three candidates running for state school superintendent will speak at the Cartersville campus.
- The military veteran student population at Georgia Highlands has increased by more than 30% over last fall. Student Support Services is working to develop programs and improve services for them.

The meeting adjourned at 3:00 p.m.
October 18, 2010

Dr. Pierce announced in today’s cabinet meeting that Administrative Council would meet only on an as-needed basis.
In light of our strategic planning initiatives, one of which was on internal communications, and given that the Administrative Council has met as a communication mechanism primarily, we have decided to suspend the Admin Council meetings as we formulate new mechanisms to enhance communications throughout the college community. If you have any questions, please let me know.
