Confidence T-Interval (Population Standard deviation (σ) is unknown)

Gather the following information and fill in the blanks (You might need to enter data)

Sample Mean (µ) _________
Sample Size (n) ________
Sample Standard Deviation________
Level of Significance (α)________
Make sure to enter the data correctly into the calculator or website.

Fill in the following information from the calculator or website

Lower bound of the confidence interval ________________
Upper bound of the confidence interval ________________
Error Margin Bound _____________

Make the proper conclusion using the original claim:

We estimate with ____ confidence mean of ________________ is between ______ and ______.
