Divisions Restructured

The Board of Regents this week approved the restructuring of the academic divisions at Floyd College, effective this September. Upon the recommendation of Brady Vardemann, vice president, after extensive consultation with college personnel, the academic structure will move from nine divisions to six, and new emphasis will be placed on the Evening Program and Institutional Planning and Effectiveness.

The new divisions are: **Learning Resources**, including Developmental Studies, the Tutorial Center, the Library, and Audiovisual Technical Support; **Extended Learning and Continuing Education**; **Health Sciences**, including nursing and other allied health science programs; **Business and Career Education**, including the current business offerings, the Small Business Development Center, computer technology, police academy, and other non-health related career education programs which may be developed; **Science and Math**, including Health, Physical Education and Recreation, and all other science and math programs currently in the division; and **Social and Cultural Studies**, including the combined offerings now configured under Social Science and Humanities.

The divisions of Learning Resources and Social and Cultural Studies are currently in searches for division heads. **Dr. George Pullen** will head the Division of Extended Learning & Continuing Education; **Ms. Belen Nora** will head the Division of Health Sciences; **Dr. Tom Berry** will head the Division of Business & Career Education; and **Dr. Judy Perdue** will head the Division of Science and Math.

**Dr. Dave Cook's** primary assignment after restructuring will be as night administrator. He is to strengthen the administrative support of both faculty and students who teach and learn in the evening.

**Mr. Jerry Shelton** will lead the new area of Institutional Planning and Effectiveness which includes outcomes assessment, labor market analyses, academic program feasibility and other projects.
